WHY JACKSON

Though most commonly known for its painful history of racial discrimination and socioeconomic divide, more recently Jacksonians have been able to witness and take part in a movement towards the reconciliation and revitalization of Mississippi's capital city. Come and partner alongside local ministry leaders who have been planting seeds, putting down roots, and actively engaging with the local community in the name of Jesus for a long time. We're in revival - come and be a part of God's plan for Jackson and go home a changed person!

RECREATION

Looking towards the future!

Missions are one of those things that you just don't understand until you do it. I highly encourage everyone who feels the call to sign up. Don't let the \$\$\$ scare you. Don't let the travel/sleeping arrangements scare you. And most of all don't let the unknown scare you. How we serve the church will be based on their needs and the skills of our group. The cover to this packet describes some of the potential ministries we would be a part of. Also, there are fundraisers in the works to help bring down costs. The more you participate, the more the price comes down. You can also reach out to me about potentially getting someone to sponsor you.

If you have any questions, please contact Kylie Owens 419-953-1373.
